

We Are Pure Love

Composed for LASA by Vahinie Pillay (South Africa)

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the world
And Be kind to one another

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the World
Unite and come together

Love all Serve all this is our call
Peace, truth, non-violence and righteousness
Hand in hand share your light with all
Sparks of divinity you'll find
Let it shine, spread the values all the time. We are
love, pure love, sing it now
We are love - pure love
We are love, pure love, sing it now

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the world
And Be kind to one another

Rap

Everyday I look at the world and I see People
fighting, no one happy
Put down your weapons spread love and unity.
There's only one cast of humanity
Fellow man I pray, come together today Spread
hope and peace everyday
Only the love, care, peace and kindness matters
Remember be kind, it's the hate that shatters
Eradicate the hate, the pain and the violence
Eliminate the eerie darkness of the silence
I put my hands to the sky as I pray

Let there be peace at the end of the day Help ever
Hurt never
Embodiments of love come together One love,
one world, one family. Let's live together in
harmony

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the World
Unite and come together

Love all Serve all this is our call
Peace, truth, non-violence and righteousness
Hand in hand share your light with all
Sparks of divinity you'll find
Let it shine, spread the values all the time. We are
love, pure love, sing it now
We are love - pure love

We are love, pure love, sing it now

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the world
And Be kind to one another

Love – We gonna love each other Serve – We
gonna serve the world Love – We gonna love each
other Serve the World
Unite and come together
